

Aqueous Coatings Disclaimer

Rycoline Inc. purchases aqueous overprints that are produced to a set of published specifications.

Rycoline Inc. considers itself liable only to the extent of its published specifications.

Rycoline Inc. does not guarantee that its aqueous coatings are press-ready to the extent that we do not know all parameters of any specific printer or printing process.

Rycoline Inc. strongly recommends testing prior to each and every given situation.

Aqueous coatings have a shelf-life limited to six months. After this period of time, we cannot guarantee any performance properties or conformance to published specifications.
